

**Natural Products to Support
Fertility, Pregnancy & Nursing Health**

ABOUT US

Biotech trading Pvt Ltd is a company dealing in natural fertility supplements designed to promote reproductive health in both men and women.

Our company has been dealing in products of two brands i.e Fairhaven and Homecheck. Biotech Trading Pvt Ltd has been exclusively importing Fairhaven products into India for the past 6 years. Biotech trading Pvt Ltd assures you that we provide you exclusively genuine, and fresh products.

Pregnancy is not as easy as it seems. And in today's times, the various lifestyle choices, changing environmental factors, and newer issues have made it difficult for many people to conceive easily and naturally. It is understood how important it is for the patients to have access to the most natural, healthy and effective products to support them when they're trying to conceive and throughout their pregnancy.

VIRILITEA

ViriliTea is a healthy, energized and delicious herbal tea and designed to promote male reproductive health. It is grounded with a unique combination of Chinese and Ayurvedic medical traditions which helps to optimize sexual health.

FERTILITEA

Fertilitea is a delicious herbal fertility tea, designed to support the reproductive system and helps to increase the chances of conceiving.

Containing Chasteberry, Green Tea, Red Raspberry, Lady's Mantle, and Nettle Leaf, it improves hormonal balance and supports overall female reproductive health.

OVULATION 7 STRIP

The Homecheck ovulation test is over 99% accurate and comes in a kit complete with everything you need to do the test along with a pregnancy test.

OVULATION CARD 5 PACK

Homecheck Instant Ovulation Test is designed to detect the surge in Luteinizing Hormone (LH). The body always makes small amounts of LH but prior to ovulation, it makes far more. This test device will detect the LH surge which happens in the middle of your menstrual cycle, about 1 -1.5 days before ovulation. It is an in-stream test and requires the device to be held directly into the urine stream.
